Gates timing belt???? Anybody know the quality of these? Yeah, gates isn't an OEM part for a timing belt. Gatorback belts are garbage as well and I've seen them stretch after 5k miles of use. For a job like a timing

All Reviews About Gates Micro-V Belt - Rallysport Direct Gates products always fit and function as well or better than factory parts. Simply put, it's hard to go wrong with Gates. As always the team at Sepentine Belt: Gates v. Goodyear v. Dayco | Bob Is The Oil Guy Oct 3, 2009 — If you need it the cogged design does help with belt slippage. Otherwise it just wears faster and makes the engine louder. On my car it hits 2nd

Gates 6-Groove 84-5/8" Premium Micro-V Serpentine Belt Fit is great works good and quiet and has 5000 miles on it as of this review. Also I keep the old belt in trunk under bed as backup just in case but I don't

Gates vs Contitech vs Dayco – Which Timing Belt Is Best? Jul 26, 2021 — Dayco claims that these unique qualities make their belts more durable than their competitors. In our experience, however, belts by Gates and Are Gates V belts good? Nov 8, 2020 — Are Gates V belts good? The Gates serpentine belt is a heavy-duty belt with praiseworthy quality and resistance. It's resistant to heat and

Are Gates Serpentine Belts Of Good Quality? Feb 6, 2018 — Gates, Bando, Mitsuboshi, etc, all these belt makers make good quality belts. For my MDX, all of them have been OEM suppliers at one point of How good is Gates timing belts - TDIClub Forums Dec 13, 2014 — Gates is trying to do a good job on supplying kits. The belts are fine. The only item(s) lacking are ancilliary bits, like replacement TTY bolts

Dayco vs Gates timing belts ? | AnandTech Forums Sep 4, 2013 — Gates is a well respected and reliable belt. And I also agree to get all the other parts mentioned above. You are already taking most of the Gates vs Dayco: Which one is better? - Tooling Fun Gates is the more popular choice for a reason, but don't underestimate Dayco either. While Gates' timing belt kits and radiator hoses are better (thicker
